2022 PEO YORK CHAPTER VIRTUAL ENGINEERING COMPETITION

Evaluation Criteria

The evaluation criteria for teams are divided into three parts. The first deals with the overall quality and feasibility of the solution, and the second and third parts deal with the quality of the plan drawing and presentation, respectively.

Solution	**65%**
Analysis and understanding of problem and objectives	5%
Proposal Design and Strategy	30%
Feasibility (Long and Short Term)	10%
Creativity & Originality of Proposal	20%
Plan Drawing	**10%**
Comprehensiveness	5%
Presentation/Format	5%
Presentation	**25%**
Presentation Quality	10%
Teamwork – Equal distribution of speaking parts and answering questions amongst team members	10%
Responses to Questions	5%

In the case of a tie in total marks, the teams will be ranked based on their points scored in the "Solution" category.

Completed marking sheets will not be disclosed to competitors; however, if teams wish to know their strengths and weaknesses for improvement in future competitions, judges will be available after the competition for questions.
